OUR HISTORY

Islamic education is not about learning Islam, but is a unique system of education in which students acquire knowledge in various disciplines (arts, science, mathematics and human psychology). We believe that Islam offers a cohesive understanding of the world and provides solutions in every walk-of-life.

Jamia Naqshbandiyah Ridwiyah (JNR) was founded in 1957 by his eminence, *Sahibzada Abu Tahir Muhammad Naqshband Rahimahullah*. The foundation was laid down by a great scholar of Islam, *Muhadis Azam Pakistan - Maulana Sardar Ahmad Rahimahullah*.

JNR was founded with the sole aim of reviving the traditional system of Islamic education and produce good human beings that are educated both in Islam and have skills and knowledge in a field that will equip them to become the bright torch bearers of the future Muslim *Ummah*.

OUR OBJECTS

- To provide our students with high standards of Islamic education.
- Emphasise the moral and spiritual practice of the Islamic faith.
- Offer a time tested methodology for the students and furnishing them with a comparative study and research for the Quran, *Hadith*, *fiqh* and other tracks of *Shariah* enabling them to present solution to problems and fulfil the needs of day.
- Aid growth in the sense of identity and responsibility as a Muslim so that a properly educated young man/woman can adjust himself or herself in every walk-of-life, and at the same time be an example for the guidance of others.
- Assist students in gaining a professional vocation that will enable them to establish a career or stable livelihood for themselves.

HOW YOU CAN HELP

Since 1957, JNR has built many institutes and delivered many services to the most disadvantaged people. JNR began with virtually no material base, depending on the bounty and help of Allah SWT. Allah ta'aala is our source of all hope and help, perchance; you too can become a means for His help, whom we depend on. The financial requirements of the JNR have been fulfilled by the members of the community who has read the Quran and responded to its verses. May Allah SWT reward for their contributions. Running costs include: teacher's salaries, food, living, laundry and clothing expenses for orphan and poor students, bills and other miscellaneous expenditures.
